THE STORY OF A SINGLE *Vineyard*

**Born from history and raised by tradition,
Latourba is a haven for the soul and a gateway into the earth's secrets.**

As artisanal methods blend with viticulture and historical knowledge to craft a wine like no other, Latourba's single vineyard offers its visitors a lot more than wine to quench their thirst; it brings the earth's spirit to life, giving it taste, texture and a rich palette of color, inviting anyone to return to nature's serene and warm embrace.

All grapes are sourced from Latourba's private owned vineyards at the slopes that are connecting Mount Lebanon to the West Bekaa valley. Each parcel of grapes is vinified separately to create a single variety range of wines, expressing the unique "terroir" of Latourba.

With its most precious residents, healthy grapes, the land of Latourba prides itself on crafting some of the finest red, rosé and white wine around; not to mention, the region's first production of sparkling wine.

THE *island* ON THE LAKE

With breathtaking panoramic views that capture both your heart and imagination, Latourba Vineyard spans over 45 hectares of meticulously nurtured land, nestled along the banks of the Litani River in Saghbine. Home to nineteen carefully selected grape varieties, our vineyard sits between 900 and 1000 meters above sea level, providing a stunning overlook of the Qaraoun Dam in the Bekaa Valley.

A modern monument paying tribute to centuries of knowledge, tradition and innovation, Latourba's soil has witnessed it all. After all, it is right here that the Mesopotamians taught the Phoenicians everything they knew about wine, before the latter made it even better.

Latourba's terroir, enriched by history, holds a legacy dating back to the Romans who pioneered grape cultivation and wine production here, known as 'Pressoir des Romains'. This land, once a hub of Roman trade, later bore witness to the strategic movements of the Ottoman Empire's forces.

These gates, that now welcome you with open arms, are the same ones wine passed through from the East to the West, centuries ago. And just as the Sultans would rest in their shadow back then, so can you, leave your worries behind and return to one of nature's most fertile sanctuaries.

**PRESERVING THE LAND'S RICHNESS AND FERTILITY
IS AT THE HEART OF LATOURBA'S CULTURE AND VALUES.**

The uniqueness of Latourba is that it comes from within. Layers upon layers of soil, years upon years of wisdom, history and traditions that we proudly cultivate in the most natural way. At Latourba, life grows from and with the earth.

Such historical depth brings a unique character to Latourba's wines, blending ancient traditions with modern viticultural excellence, and creating a profound connection between the past and the present in every sip.

THE DANDELION'S STORY

IN THE HEART OF OUR VINEYARD,
THERE'S A TALE AS ENCHANTING AS OUR WINE.

IT BEGINS WITH THE HUMBLE DANDELION,
A SYMBOL OF RESILIENCE AND TRANSFORMATION.
EACH SPRING, THESE GOLDEN BLOSSOMS CARPET OUR VINEYARD,
SOAKING UP THE SUN AND THE EARTH'S ENERGY.

AS SUMMER APPROACHES,
THEY TRANSFORM INTO ETHEREAL SPHERES OF DELICATE SEEDS,
EACH ONE A VESSEL OF POTENTIAL,
DANCING ON THE SLIGHTEST BREEZE.

THIS TRANSFORMATION MIRRORS OUR WINEMAKING JOURNEY.
JUST AS THE DANDELION EVOLVES FROM A VIBRANT FLOWER
TO A GLOBE OF DREAMS WAITING TO BE SET FREE,
OUR GRAPES UNDERGO A METAMORPHOSIS.
THEY BEGIN AS SUN-KISSED FRUITS AND,
THROUGH THE ALCHEMY OF WINEMAKING,
BECOME A WINE THAT CAPTURES THE ESSENCE OF TIME AND PLACE.
